

# Product Options & Accesories

8mm (3mm + 5mm) x 72" (1.83m) x 35LF (10.67m)  
15mm (3mm + 12mm) x 72" (1.83m) x 25LF (7.62m)

Custom roll lengths are available. Please contact your local representative to determine availability, pricing, minimums, and lead times.

15mm (3mm + 12mm) x 23" (58.42cm) x 46" (116.84cm)  
Interlocking tiles are available with a coordinating interlocking transition system.

Interlocking Reducer: 46" x 12" x 3/4"  
Interlocking reducers are available for quick installation at room openings, or when area mat installations are required.

Straight Reducer: 48" x 4" x 3/4"  
Straight transitions are available for a more finished look after trimming tabs from tile edge.

# Physical Data

PERFORMANCE CRITERIA	TEST	RESULT
Tuft Bind	ASTM D-1335	>8 Pounds
Tear Strength	ASTM D-5034	>200 Pounds
Lead Content	ASTM D-2765	<50 ppm
Total Yarn Linear Density	ASTM D-1577	4,200 Denier
Yarn Breaking Strength	ASTM D-2256	>19 Pounds
Yarn Melting Point	ASTM D-7138	428° F
Flammability	ASTM D-2859	Pass

Can a turf stand up to endless sled drills and tire flips while keeping your knees fresh for tomorrow’s game?

Yes.

## Stacked Speed & Agility Turf

features a dense, textured nylon wear layer fusion bonded to either a 5 or 12mm recycled rubber base layer. While too abrasive to fall or dive on, this consistent and tight surface is ideal for all footwork drills as well as sled work.

ecore | Built by Yes.

## What does it take to be a floor?

- ✓ Durable
- ✓ Sustainable
- ✓ Affordable
- ✓ Ease of Maintenance
- ✓ Slip Resistant

Speed & Agility Turf brings the pristine conditions of a natural grass indoors with no time limit on training. While the 5mm backed version coordinates with 8mm rubber products and can withstand light to moderate free-weights, the 12mm backed version simulates pristine, natural turf conditions and coordinates with Ecore's thicker rubber products. The 12mm version of Speedy & Agility Turf is also available in a 23 x 46-inch interlocking panel that creates a portable/temporary turf system. Offered with interlocking transition pieces, this product combines extreme performance with ease of installation and total portability.

## Applications

Light Weights

Moderate Weights

Sled Drills

Turf/Fields

Functional Training

Extreme Functional Training

## Can a floor do more? Yes.

With the majority of training moving indoors and year round, Speed & Agility Turf offers impact absorption and allows the athletic to perform on the surface and not in it.

5mm

12mm
